

DOES YOUR SEED FLOAT?

Drop your seed into the water and see if it floats!

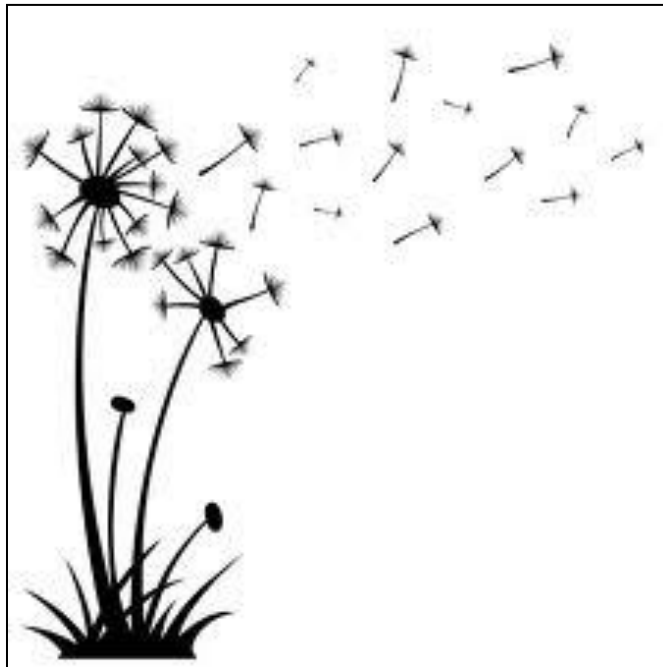

DOES YOUR SEED STICK TO FUR?

Put the seed up next to the material at the station, let it go, and see if it sticks!

DOES YOUR SEED FLY?

Hold your seed up to the fan, let it go, and see if
it flies!

IS YOUR SEED EATEN BY ANIMALS?

Smell your seed. If it smells like fruit, animals probably eat it and the seed travels through their droppings!
